

DIARY NOTES

DD/S

9 September 1971

The following items were discussed with Colonel White on this date:

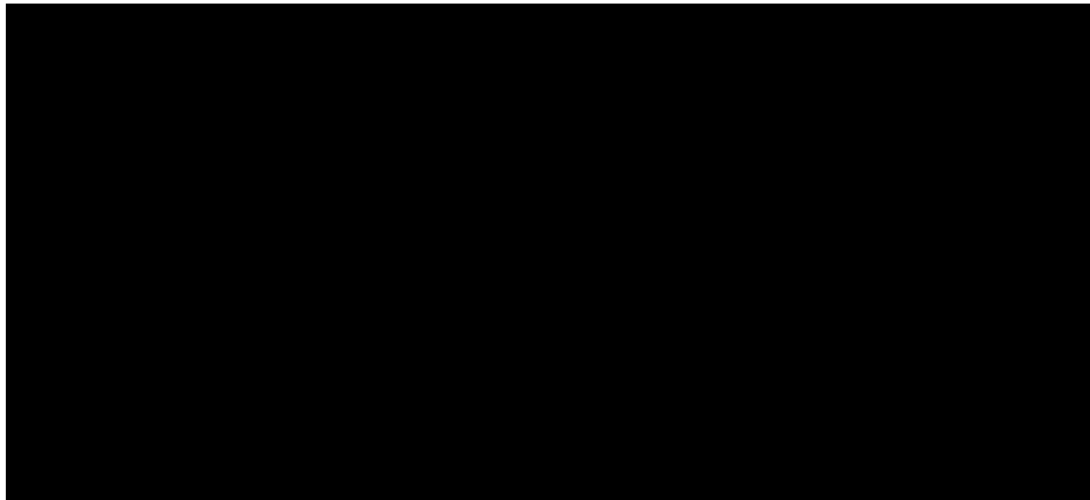

a. Employee Wives Participating in Agency Activities:

I noted the expanding roster of OTR courses which included events in which wives were invited to participate. These include the CT program with wives [REDACTED] and the Advanced Intelligence Seminar including sessions with wives of participants and other Agency officials, and most recently the apparently open invitation to those in the Senior Seminar to have wives attend unclassified sessions, at least evening sessions. Colonel White felt that there is no policy bar to this sort of thing and that there may well be benefits to having some participation on the part of Agency wives. He did on the other hand suggest that Clandestine Service might be a bit skittish and we agreed that I would first talk to Mr. Karamessines on the subject in lieu of putting it on the Deputies Meeting agenda. If he has any problem we will then ask Colonel White to schedule a discussion at a Deputies Meeting.

b. Visit of Representative Broyhill to Agency Space in Chamber of Commerce Building: I advised Colonel White that DTR had suggested inviting Representative Broyhill who has offices on the ground floor of the Chamber of Commerce Building to visit OTR space. Colonel White's reaction was that since Mr. Broyhill seemed favorably disposed toward the Agency and would likely learn of Agency occupancy it would probably be a good idea to invite him into some non-classified area.

d. Executive Officer - Deputy Director for Support: I advised Colonel White that [REDACTED] is now the Executive Officer of DD/S. I also noted that [REDACTED] is back from Vietnam and will be helping us on the Staff. I also noted that [REDACTED] will be doing likewise as and when he is not required on the DD/P work which we had agreed to his doing. In this last connection I mentioned that there appeared to be some definite change in the DD/P approach - Colonel White noted that the reassignment of [REDACTED] could understandably result in change.

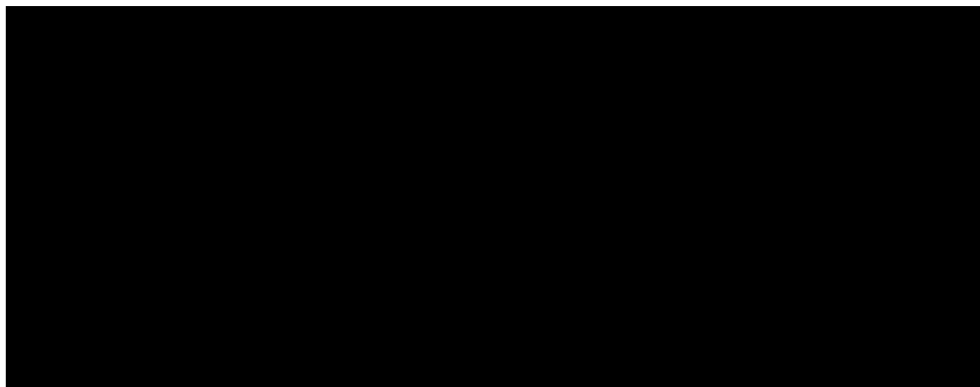

e. Disposition of 1962 Cadillac and 1962⁵ Chrysler: After some discussion Colonel White noted his agreement with the proposed disposition of the vehicles as proposed in the O/L memorandum. He took the paper, however, in order to ensure that the Director had no contrary views.

f. O/C Paper [REDACTED] Colonel White noted that a copy of this paper had previously been brought to his attention.

h. Annual Awards Ceremony: I asked if any action was due from Support other than administrative arrangements. Colonel White said that the outline of the Director's few remarks were being developed by [REDACTED] and that we had no other job than the usual administrative items. I confirmed that the normal escort plot will again be implemented. 25X1A

i. New Course for Contract Project Officers: With apologies for the long lead time I noted that the new course will be offered for the first time in October and that it appeared we have full classes at the first few runnings. Colonel White had seen a Training Bulletin.

j. DD/S Leave Plans: I mentioned all other things being equal I would like to take leave on 10 September.

1. Replacement for Executive Director: I expressed our regrets at his announced departure. In his mention of [REDACTED] he urged that when we have our time with [REDACTED] we ensure that he is read-in in depth on Air America.
